Women Who Wear Well.
It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the check of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely these organs are established in health and the face and system witness to the fact in a most convincing manner. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of women's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of the babe and to avoid any undue strain and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and stimulant, and is adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter at the address Dr. R. V. Pierce, The Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Wilmington Social.

(Special to The Times-Dispatch.)

WILMINGTON, N. C., August 10.—Wilmington socially was devoted entirely the present week to entertainment of the friends of this and other States, because the week brought forth the annual convention and tournament of the North Carolina Firemen's Association and the interstate tournament arranged by the Wilmington people. The week was a big and glorious one from a social standpoint and the visitors, numbering thousands, were showered with attentions. The city was gaily decorated and everything possible was done for the entertainment of the firemen and their friends. Aside from the many informal socials several officially arranged functions transpired. Among the number was the firemen's ball at Lumina, Wrightsville Beach, Wednesday night, and another affair of character Thursday evening. Also Thursday night the Howard Relief Company, which in the old days of the volunteer firemen of Wilmington, was one of the strongest fire companies and which now owns its own hall, and is conducted as a social organization, entertained the visitors at an elaborate smoker, and at which numerous toasts were responded to. A delightful trolley ride to Wrightsville Beach and entertained while there for the delegates to the convention was also on the program and successfully carried out. The convention was held Tuesday, and was marked by a warm address of welcome by Mayor William E. Springer, of this city, and some eloquent responses made by representatives from the different sections of the State. For the west Hon. Louis Craig, of Asheville, who is in the race for Governor, responded; for the east Hon. S. M. Brinson, of New Bern, who is grand regent of the North Carolina Royal Arcanum, answered; and for the central part of the Old North State Representative Charles L. Harris, of Raleigh, responded. As a response from a comradely card, a speech from Mayor A. H. Boyden, of Salisbury, who is first vice-president of the State Association.

The annual parade Wednesday was fully a mile long, and was a beautiful street pageant. A feature was the automobile display and for which three prizes were awarded for the prettiest autos. The prizes were captured by Dr. A. H. Harris, first; Mr. Thomas F. Bagley, second, and Mr. Fred Dock, third.

While in the city attending the firemen's event, Grand Regent Brinson took occasion to visit Caroline Council, Royal Arcanum, and in his honor the council gave a delightful reception following the regular meeting.
